Dear Ella:

I am stunned and speechless. I did not even know Si was ill. I wish I could have spoken to him or visited.

Si was indeed a tzadik, one of the best men I have known in my life. I am so sad to say I will be flying to Atlanta Monday afternoon. If there is ever a tribute or memorial program, I would be honored to speak at it. I will be announcing Si's passing on the radio.

And please know that I am available to you at anytime.

With a very sad heart,

Dennis Prager
